TRADE IN OLD, UPGRADE TO NEW

Lawmen Supply's **Trade-In Program** helps law enforcement turn unused, outdated, or confiscated equipment into credit for future purchases.

Trade

Save

Upgrade

STOP destroying or selling confiscated property and surplus inventory. Trade it in to Lawmen Supply in exchange for new ammunition, firearms, accessories – whatever your department needs.

Lawmen Supply specializes in departmental trades and sales to allow departments with limited budgets to acquire or replenish critical equipment. If you need new firearms, we will take your current duty weapons on trade and apply the amount to new purchases. Changing calibers or upgrading to Federal® or Speer®? No problem—we'll take your current inventory of unused ammunition and replace it, whether duty or training.

Confiscated weapons are another source of potential trade revenue for you. No need to be concerned about where these guns may wind up, either. We will work with your department to determine what restrictions, if any, need to be in place regarding trades that were confiscated.

How the Trade In Process Works

1. Email your list of trade items to info@lawmensupplyco.com. Our team will quickly review your submission and provide a trade-in value to be applied toward future purchases.
2. Call one of our knowledgeable representatives at **856-436-9499**.
